FREE SPAY & NEUTER SERVICES

Attention residents of the unincorporated areas of St. Lucie County

Schedule your cat(s) or dog(s) to be spayed/neutered and vaccinated for rabies for FREE through our Outreach Spay/Neuter Program with Operation SOS. All participants must register their pets with the County by purchasing a County License (\$10 for a 1 year tag or \$25 for a lifetime tag) at the time services are rendered. Pets must also be microchipped in order to participate in the program. If pets are not already microchipped, the procedure will be done at the time of surgery for \$10.

If you are unsure if you reside within the unincorporated areas of St. Lucie County, search your address in the St. Lucie County Property Appraiser. If the Jurisdiction reads "Saint Lucie County", you qualify for our program! If the Jurisdiction reads "Fort Pierce" or "Port Saint Lucie" you do not qualify for the County program; please check with the City Jurisdictions for spay/neuter services available. Proof of residency with forms of ID (i.e. Drivers License, utility bill, car registration, etc...) are required at the time surgery to qualify for the program.
